## Significant Changes:

The Repay Sentencing Service Program provides sentencing information to the presiding superior court judge to assist in evaluating whether community based placement is appropriate for the offender. Offenders then receive assistance for problems that contribute to the reoccurrence of crime and are returned to gainful employment. Repay also provides Pretrial Services to inmates in the Newton Jail and the Burke Catawba District Confinement Facility designed to control population numbers by expediting cases through the district and superior courts.

The Conflict Resolution Center was established in 1997 and is a non-profit organization with a volunteer base whose mission is to promote and bring about the peaceful settlement of disputes and prevent the escalation of conflict through mediation.

The Lake Norman Marine Commission is funded equally by the four counties (Catawba, Lincoln, Iredell, and Mecklenburg) bordering Lake Norman. Their objective is the safety and recreation on the lake, and they maintain approximately 130 markers (lighted and unlighted) and will continue to mark other danger areas on the lake.
